DOWNLOADING THE MANUAL FROM THE TV TO A USB DRIVE

Downloading the manual

You can find the manual for your TV in the menu*

Settings> System> More settings> Manual Settings> Manual

*Depending on the TV model.

How to download the manual to a USB drive

1. Press the **OK** button to display the manual.
 2. Connect the USB drive to the TV.
- Note:** The USB drive must be formatted FAT32.
3. Go to the manual download icon and press the **OK** button. The manual will start downloading to the USB drive.

4. When the download is complete, the icon will appear.

5. Disconnect the USB drive from the TV.

Viewing the manual

1. Connect the USB drive to your computer/laptop.
2. Go to the **digital_ib** folder and click on **index.htm**. The downloaded manual will be displayed in your browser.

To change the language, go to the drop-down menu located at the top right.

You can navigate through the manual using the arrow keys. Press **ENTER** to view details for each item, press **ESC** to close the details window.
